COMPANY: EVOLVE EDGE AI — AI-POWERED COMPLIANCE AUTOMATION PLATFORM

Platform Specification: Document Library Structure & Product Roadmap

SECTION 1: DOCUMENT LIBRARY STRUCTURE

Architecture Overview

- **Framework-First, Evidence-Driven Dynamic Library:** Documents organized by regulatory standard first, then by control domain.
- **AI Auto-Collection:** Automated ingestion and tagging from AWS, GCP, GitHub, Slack, Azure.
- **7-Stage Lifecycle:** Collection → Classification → Validation → Storage → Monitoring → Remediation → Archival.

Top-Level Folder Hierarchy

The visual tree below represents the standardized folder structure deployed for every organization.

● MVP (Launch) ● Year 1 ● Years 2-3

Metadata Schema

Each document is automatically tagged with 9 key fields to enable AI filtering and audit retrieval:

1. **Document ID:** Auto-generated UUID
2. **Framework:** HIPAA / PCI / SOC 2 / ISO / Multi
3. **Control Domain:** e.g., Access Control, Encryption
4. **Document Type:** Policy, Evidence, Log, Report
5. **Owner:** User or Role
6. **Review/Expiry Date:** Automated reminder trigger
7. **Status:** Draft, In Review, Approved, Active, Archived
8. **Version Number:** Incremental (v1.0, v1.1)
9. **Source:** Auto-Collected vs. Manually Uploaded

Role-Based Access Control (RBAC)

Role	Description	Access Level
ADMIN	Platform Administrator	Full access: create, read, edit, delete, share, configure all settings.
COMPLIANCE MGR	Program Owner	Full access to all framework folders; authority to approve documents.
CONTROL OWNER	Specific Responsibility	Read/write access strictly limited to assigned control folders.
EXTERNAL AUDITOR	Third-Party	Read-only access to specific shared evidence packages (time-limited).
EMPLOYEE	General Staff	Read-only access to training materials and assigned policies.
AI ENGINE	System Automation	System-level write access for auto-collected evidence and logs.

Access Permissions by Subscription Tier

The following table defines which document library folders, features, and system capabilities are available to each subscription tier. Permissions are enforced at the platform level for all users within the organization's tenant.

Permission / Feature	● Basic — $10K/yr	● Pro — $50K/yr	Enterprise — $80–95K/yr
📁 FOLDER & LIBRARY ACCESS			
Compliance Frameworks Folder	1 framework (HIPAA or PCI DSS)	Up to 3 frameworks	All frameworks (Unlimited)

SECTION 2: PRODUCT ROADMAP TIMELINE

🚀 MVP / Launch — 2025 Q3–Q4

- Core Platform Launch
- PCI DSS v4.0 Framework Support
- AWS, GCP, GitHub, Slack Integrations
- Risk Detection & Gap Analysis
- HIPAA Framework Support
- Automated Evidence Collection
- Real-Time Compliance Dashboard
- AI Chatbot & Knowledge Base (Basic)

- Proactive Auto-Remediation (Pro/Ent)

Year 1 Expansion — 2026 Q1–Q4

- SOC 2 (Type I & II) Framework
- Microsoft Azure Integration
- External Auditor Portal
- Custom Policy Template Builder
- ISO 27001 Framework
- Vendor Risk Management Module
- API Access & SSO/SAML
- Regulatory Q&A (Beta)

Years 2–3 Advanced AI — 2027–2028

- AI Auditor Copilot (Full GA)
- International Frameworks (GDPR, NIS2)
- Custom Integration Development
- Advanced AI Risk Scoring Engine
- FedRAMP Framework Support
- Regulatory Q&A Automation
- Multi-Tenant White-Label Portal
- Global Marketplace Expansion

Subscription Tier Details

BASIC TIER

$10,000 / yr

- ✓ **1 Framework** (HIPAA or PCI DSS)
- ✓ **Up to 5 Users**
- ✓ **10 GB Storage**
- ✓ 1 Cloud Integration (AWS or GCP)
- ✓ 1 Year Audit Log Retention
- ✓ 48 hr Support SLA
- ✓ Self-Service Onboarding
- ✓ Manual Uploads & Versioning

PRO TIER

$50,000 / yr

- ✓ **Up to 3 Frameworks**
- ✓ **Up to 25 Users**
- ✓ **100 GB Storage**
- ✓ Up to 3 Cloud Integrations
- ✓ 3 Years Audit Log Retention
- ✓ 8 hr Support SLA
- ✓ **API Access & SSO/SAML**
- ✓ External Auditor Portal (1 Seat)
- ✓ Auto-Remediation Enabled

ENTERPRISE TIER

$80k – $95k / yr

- ✓ **Unlimited Frameworks**
- ✓ **Unlimited Users**
- ✓ **Unlimited Storage**
- ✓ Unlimited Cloud Integrations
- ✓ 7 Years Audit Log Retention
- ✓ 2 hr Support SLA (White-Glove)
- ✓ Custom Folder Structures
- ✓ Unlimited Auditor Portal Seats
- ✓ Multi-Tenant / White-Label
- ✓ AI Auditor Copilot (Roadmap)

Add-On Modules ($500–$5,000 / module)

- Additional Compliance Framework — $2,500
- AI Auditor Copilot (Beta Access) — $5,000

- Extra Cloud Integration — $500
- Vendor Risk Management Expansion — $1,500
- Pen Test Management Module — $2,000
- Custom Integration Development — $3k–$5k
- Compliance Consulting Hours (10hr) — $2,500
- White-Label Portal Configuration — $5,000
